I am directed to refer to para 2 of the progress report on the New Sewage Disposal Works in Vrishabhavati Valley, Bangalore, for the fortnight ending with 15th September 1954, received with your letter No.C3/79259-CUC dated the 30.9.54/1.10.54 and to say that the following points may be taken into consideration while fixing rates for supply of sewage water to the cultivators:-

a) The types of crops grown.
b) the extent of yield of crop and value per acre.
c) the season of high demand and low demand for sewage water.
d) the rates of lift irrigation prevailing in the locality together with the cost of manures and fertilisers necessary to produce equivalent yields.

A copy of statement showing the present rates of sewage water charged by the municipalities of (1) Poona, and (2) Kanpur for different types of crops is enclosed.

It is requested that the rates of sewage water fixed for different crops may be intimated to this Ministry in due course.
